Course Description: An applied course in veterinary and animal science for students interested in learning more about becoming a veterinarian, vet tech, vet assistant, or pursuing a variety of scientific, health, or agriculture professions. This course covers anatomy and physiological systems of different groups of large animals, as well as careers, leadership, and history of the industry. Upon completion of this course, proficient students will be prepared for success in the level-four Veterinary Science course and further postsecondary training.

What is Agriculture Education?

Classroom Instruction – gives students a practical approach to theories of science and how those theories are used in agriculture, the largest science in the nation.

FFA Leadership – uses career development and leadership development events to evaluate students' understanding of agriculture as learned in class and sharpens students' speaking and leadership skills

Supervised Agriculture Experience – teaches your student industry skills through a hands-on project supervised by an instructor. This can involve raising an animal, growing a garden, starting a business or interning at an existing business.

Teacher Information

Mr. Fair will be available to assist you Monday – Friday from 8 am – 3pm.

Please feel free to contact me with any questions you have regarding this course or Munford FFA.

Google Classroom & iCEV

The Google Platform will be used to disseminate information for the class. Grades will be recorded in Skyward.

Google Classroom Large Animal Science CLASS CODES

4A:C2i4m6w

4B: jqo3qjz

The iCEV platform will be used to administer quizzes and for you to obtain an industry certification. Through this course, you will obtain the Elanco Fundamentals of Animal Science Certification. This is an industry recognized certification and counts as an Early Post Secondary Opportunity for Tennessee Ready Graduate Status.

iCEV Large Animal Science CLASS CODE:

4A: TIPFAIRM036

4B: TIPFAIRM037

Missing Assignments

Students will be allowed to make up assignments when they miss the work. It is the student's responsibility to obtain the missing assignment from me and complete it in a timely fashion.

Tennessee College of Applied Technology (TCAT) Dual Enrollment

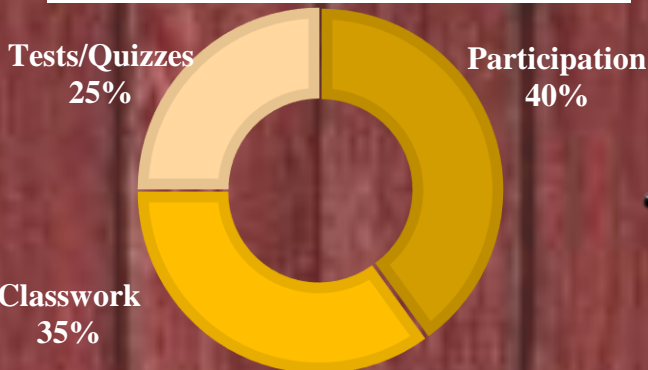

Through enrollment in this course, you will also be a dual enrollment student with TCAT in the farming operations program. You will earn hours that can be applied to further education at TCAT and possibly 4 year institutions. This is at no cost to you, and will in no way reduce financial aid that you can receive for other dual enrollment or college courses. It will also not effect your future college financial aid status.

Grading

Students will receive grades for classwork, tests/quizzes, and a participation grade for tasks assigned in the Large Animal Science Lab (Barn). In the barn students will be divided into groups to complete daily tasks such as feeding, watering, haying, or cleaning.

■ Participation ■ Classwork ■ Tests/Quizzes

Substitute Teachers

Students are expected to treat a substitute teacher with the same respect they do the regular classroom teacher. Students are expected to complete assignments as assigned by the substitute and turn those in. Late work will not be accepted from days a substitute was present in the classroom.

Class Rules

Learning to Do

Students are expected to participate in all classroom activities

Doing to Learn

Students are required to be prepared for class

Earning to Live

In this classroom everything is earned. This includes grades, privileges, and respect

Living to Serve

Students are expected to display characteristics of a leader and respect yourself, others, and all property

Classroom Procedures

Students **must** ask permission before going to the bathroom or any other place on campus.

Students missing class are responsible for all assignments for excused absences, unexcused absences, in-school suspensions or extra-curricular activities.

Cell phone use during class is prohibited. Students may not charge their device without permission. If a student is using their phone, they will be asked to put it away, failure to do so will result in the phone being confiscated for the remainder of class.

Do not talk when the intercom is on for announcements or class interruptions.

Having Food/Drink is a privilege that will be taken away if it interrupts class or makes a mess in the room.

All online/digital work must be completed on your school issued chrome book.

Students must leave on their appropriate dismissal and may not stand by the door waiting.

If you are not *in the classroom* when the tardy bell rings then you will be marked tardy.

Required Materials

TECHNOLOGY DEVICE- Google Classroom will be utilized. A school used chrome book will be utilized to access google classroom and should be brought to class every day charged.

NOTEBOOK- A 3 ring binder will be provided for you, you will have a place to store it in the classroom.

PAPER – white (regular or college ruled)

PEN or PENCIL – black or blue ink only PLEASE!

MHS AGENDA – this is your pass anywhere, without it your stuck with me!

MHS ID – You must have your ID at all times and wear it!

Livestock Lockers

A locker will be assigned to you in the Ag Building. The purpose of this locker is to store boots, shoes, and work clothes for use in barn. Not have proper clothing or not wanting to get dirty is not an excuse to not participate in activities in the barn. If a student does not participate in barn activities, they will take a 0 for that day.

Course Policy

I have read the course syllabus for my Large Animal Science course. I have been informed of the course requirements, tentative schedule, grading policy, rules, and consequences. I have also been informed that by enrolling in an agriculture course have been afford membership into the National FFA Organization free of charge to myself and my family. By signing this contract I agree to obey the rules of this course.

Student Signature

Date

I have read and understand the course syllabus for my child's Large Animal Science Course. I also understand that my child is a member of the National FFA Organization because the Munford High School Agriculture Department is an affiliation chapter meaning that all students enrolled in agriculture education have their dues paid for them at no cost to myself or my child.
